

2023 Subject Index

Acute kidney failure.....	259	Disasters.....	235, 244
Adherence.....	87	<i>E. coli</i>	210
Adolescents.....	205	Earthquake.....	235, 238, 244, 249, 255, 264, 270
Adrenal insufficiency.....	26	ECC.....	222
Aeroallergens.....	125	Electrocardiography.....	160
Alx.....	167	Encephalitis.....	156
Antibiotic resistance.....	210	Etiology.....	55
Antimicrobial resistance.....	210	Existential.....	64
Antimicrobial susceptibility.....	210	Extrinsic.....	216
Anxiety.....	142	Facilitated tucking.....	43
Appendicitis.....	173	Familial mediterranean fever.....	87
ASM prophylaxis.....	19	Febrile convulsion.....	19
Asthma.....	96	Febrile convulsion recurrence risk factors.....	19
Autism spectrum disorder.....	284	Focal segmental glomerulosclerosis.....	118
Bed-sharing.....	195	Garre's osteomyelitis.....	151
Bhalla.....	34	GnRH agonist.....	222
Biomarkers.....	173	Health service.....	255
Black stain.....	216	Heart.....	160
BMI.....	96	Heart failure.....	93
Breastfeeding.....	195	Hospitalization.....	284
Breastfeeding difficulties.....	64	Human computer interaction.....	132
Bronchogenic cyst.....	113	Hyperammonemia.....	182
Celiac disease.....	167	Immune thrombocytopenia.....	277
Chest radiography.....	102	Immunocompetent.....	156
Child.....	55, 107, 160	Impulse oscillometry.....	34
Child and adolescent mental health.....	284	Inborn errors of metabolism.....	182
Child and adolescent psychiatry.....	80	Infant.....	195
Child mental health.....	249	Infectious diseases.....	235
Children.....	87, 125, 151, 156, 167, 205, 244, 264, 270, 277	Intention to vaccination.....	72
ciMT.....	167	ISS.....	228
Citrullinemia.....	182	Izmir earthquake.....	259
Colchicine.....	87	Juvenile idiopathic arthritis.....	26
Compartment syndrome.....	238	Laboratory.....	173
Complicated.....	173	Lockdown.....	228
Congenital lobar emphysema.....	113	Lung ultrasonography.....	102
Congenital pulmonary airway malformation.....	113	Lung ultrasound.....	1
Consultation-liaison.....	249	Lupus erythematosus.....	93
Correlation.....	96	Mandibular.....	151
COVID-19.....	72, 142, 228	Mental health.....	80
COVID-19 pandemic.....	80	Mental health service.....	284
Crush injuries.....	238	Microbiology.....	216
Crush injury.....	244	Minimal change disease.....	118
Crush syndrome.....	238, 244, 259	Natural disaster.....	249
Cystic fibrosis.....	34	Neonatal critical care.....	93
Dental anxiety.....	132	Neonatal infant pain scale.....	1
Dental caries.....	216	Nephrotic syndrome.....	118
Dental fear.....	142	Neurodevelopmental disorder.....	284
Dietary macronutrients intake.....	205	Newborn.....	1, 43, 293
Disaster.....	270	Non-compliance.....	87

2023 Subject Index

Nursing	64	Robotic.....	132
Obesity.....	96, 160	Room-sharing.....	195
Oral health-related quality of life	8	Salivary amylase.....	132
Orchiectomy.....	107	School absenteeism.....	8
Organ sparing treatments.....	107	School performance	8
Paediatric.....	210	Sensitization.....	125
Pain	1, 43	Severity	96
